## **LOOKING BACK AT 2017**

In 2017, through a staff driven campaign to raise awareness and fundraise for Cancer, BSP Group donated \$50,000. These funds were distributed to assist a wide group of recipients ranging from WOWS, Fiji Cancer Society's Pinktober drive and the Suva Golden Oldies Prostate cancer awareness campaign. We remain committed to assisting brave individuals battling this disease and their caregivers through trusted organisations.

BSP's Howard Politini officiated the commission of new solar power panels and lighting at the Rewa Secondary School in Naililili where students are expected to benefit from night classes as they prepare for exams.

280 students of Naitasiri Secondary School are reaping the returns of a BSP funded project to build a chicken coup and small piggery. It provides the core resources to teach animal husbandry; generate income for the school through the sale of livestock; teach the basics of a cash handling and financial literacy and provide fresh meat for the boarders from time to time.

Our commitment to environment protection continued in earnest last year through successful Go Green collaborations with like-minded organisations prepared to join with us. In an effort to reduce litter to the ground, clean up campaigns were enhanced to include awareness talks, education on the potential benefits of sorting rubbish and sustainable rubbish disposal or waste management practices.

### **LOOKING BACK AT 2017**

Supporting Fiji Primary School National Netball Championship as part of our commitment to Fiji's sports development.

Curtis Mar hands over BSP's \$10,000 contribution to Friends of Fiji Heart Foundation. This is a charitable trust we support to perform lifesaving surgical procedures for Fiji's poor and needy citizens suffering from valvular heart disease.

Having the Pacific's interest at heart, we invest in marketing our tourism destinations to the world by sponsoring the South Pacific Tourism Exchange. This is an event that connects global tourism wholesalers with our regional operators under one roof.

Assisting the women of Ba with much needed IT equipment to improve their administration services and empowerment programs delivered at the Ba Women's Development Training Centre.

BSP's Tupou Halofaki (standing middle) with AFL Fiji national men's team during the handover of sports merchandise in July.

Nuku Primary School in the interior of Serua received a boost from BSP and Save the Children Fiji who donated much needed school supplies.

BSP staff stand ready with their Country Manager Kevin McCarthy to run in the Annual Suva Marathon Challenge which is an event sponsored by BSP to encourage health and wellness in the workplace.

BSP Finance launched an insurance protection cover for their Motor Vehicle loan customers, made possible through a strategic partnership with BSP Life.

The Bank and BSP Life officers were part of the UN Women Markets for Change event to assist in strengthening economic security for all market vendors, especially women. We offered face-to-face financial services with a view to open new accounts, facilitate access to SMS and Online banking services and offer life insurance and investment solutions for women and members of the public within the vicinity.

Funding the Fiji Human Resource Institute enables us to assist in the up skilling of its members, networking and ultimately their service delivery to the workers of Fiji.

In December, we introduced a gift voucher idea that allowed members of the public to empower a child by gifting them with a new account that will launch their journey towards financial freedom.
